# Dental insurance

Taking care of your teeth is about more than just covering cavities and cleanings. It also means accounting for more expensive dental work, and your overall health.

With dental insurance, routine preventive care can lead to better overall health. And you'll be able to save money if any extensive dental work is required.

## Who is it for?

Everyone should have access to great dental coverage, which is why we offer comprehensive plans that are available through employers as part of your benefit offerings.

## What does it cover?

Dental insurance helps to protect your overall oral care. That includes services like preventive cleanings, x-rays, restorative services like fillings, and other more serious forms of oral surgery if you ever need them.

## Why should I consider it?

Poor oral health isn't just aesthetic, it's also been linked to conditions including diabetes, heart disease, and strokes. So, while brushing and flossing every day can help keep your teeth clean, nothing should replace regular visits to the dentist.

## Staying healthy

Joe visits his dentist for a routine dental cleaning, to take care of his teeth as well as his overall health.

Oral health is about more than just teeth and gums. It's also essential for a range of other health and wellbeing reasons:

**Cardiovascular disease:** Some research suggests that heart disease, clogged arteries, and strokes may be linked to inflammation and infections from oral bacteria.

**Osteoporosis:** Weak and brittle bones may be linked to tooth loss.

**Diabetes:** Research shows that people with gum disease find it more difficult to control their blood sugar levels.

**Alzheimer's disease:** Worsening oral health is seen as Alzheimer's disease progresses.

# Oral Health Rewards Program

Regular visits to the dentist can help prevent and detect the early signs of serious diseases.

That's why Guardian's Maximum Rollover Oral Health Rewards Program encourages and rewards members who visit the dentist, by rolling over part of your unused annual maximum into a Maximum Rollover Account (MRA). This can be used in future years if your plan's annual maximum is reached.

## How maximum rollover works\*

Depending on a plan's annual maximum, if claims made for a certain year don't reach a specified threshold, then the set maximum rollover amount can be rolled over.

Plan annual maximum**	Threshold	Maximum rollover amount	In-network only rollover amount	Maximum rollover account limit
<b>\$1,000</b> Maximum claims reimbursement	<b>\$500</b> Claims amount that determines rollover eligibility	<b>\$250</b> Additional dollars added to a plan's annual maximum for future years	<b>\$350</b> Additional dollars added if only in-network providers were used during the benefit year	<b>\$1,000</b> The limit that cannot be exceeded within the maximum rollover account

### Automatic rollover

Submit a claim (without exceeding the paid claims threshold of a benefit year), and Guardian will roll over a portion of your unused annual dental maximum.

\* This example has been created for illustrative purposes only.

\*\* If a plan has a different annual maximum for PPO benefits vs. non-PPO benefits, (\$1500 PPO/\$1000 non-PPO for example) the non-PPO maximum determines the Maximum Rollover plan. May not be available in all states.

Guardian's Dental Insurance is underwritten and issued by The Guardian Life Insurance Company of America, New York, NY. Products are not available in all states. # Life insurance

If something happens to you, life insurance can help provide your family with financial security.

Life insurance helps protect your family's finances by providing a death benefit if you pass away.\*\* This helps ensure that they'll be financially supported, and can cover important things from bills to funeral costs. With life policies, you can get cost-effective life insurance protection for a set period of time.

## Who is it for?

Everyone's life insurance needs are different, depending on their family situation. That's why group life insurance through an employer can be a more cost-effective option than individual life insurance.

## What does it cover?

Life insurance protects your loved ones by providing a benefit (which is usually tax-exempt) if you pass away.

## Why should I consider it?

Life insurance is about more than just covering expenses. Depending on your circumstances, it could take your family years to recover from the loss of your income.

With a life insurance benefit, your family will have extra money to cover mortgage and rent payments, legal or medical fees, childcare, tuition, and any outstanding debts.

You will receive these benefits if you meet the conditions listed in the policy. Guardian, its subsidiaries, agents, and employees do not provide tax, legal, or accounting advice. Consult your tax, legal, or accounting professional regarding your individual situation. \*Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR. \*\*As long as premiums are paid.

## Preparing and planning

Jorge's never considered purchasing life insurance, but after being offered it through work, he decides it's a good way to protect his family.

Jorge has a mortgage. His wife helps take care of her mother and only works part-time. With his daughter about to start college, he knows that many expenses would go unmet if his family lost him.

Jorge purchases enough life insurance coverage to help cover the mortgage, tuition, and family living costs if something happens to him.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

# Long term disability insurance

Disability insurance covers a part of your income, so you can pay your bills if you're injured or sick and can't work.

Disability is more common than you might realize, and people can be unable to work for all sorts of different reasons. In fact, many disabilities are caused by illness, including common conditions like heart disease and arthritis. However, most disabilities aren't covered by workers' compensation.

## Who is it for?

If you rely on your income to pay for everyday expenses, then you should probably consider disability insurance. It ensures that you'll receive a partial income if you're injured or too sick to work.

## What does it cover?

Most disability insurance plans pay out a portion or percentage of your income if you're diagnosed with a serious illness or experience an injury that prevents you from doing your job.

## Why should I consider it?

Accidents happen, and you can't always anticipate if or when you'll become sick or injured. That's why it's important to have a disability policy that helps you pay your bills in the event of being unable to collect your normal paycheck.

You will receive these benefits if you meet the conditions listed in the policy.

## Replacing Income

Jim suffers a heart attack that leaves him unable to work for two years.

After a waiting period, his disability plan starts paying him a portion of his normal monthly salary. The Guardian policy also provides personal guidance and support, vocational rehabilitation and other services, to help him get back to his job and full pay two years later.

Thanks to Jim's disability benefits, he was able to cover his expenses while he was out - without dipping into his family's savings.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.
