Waiving Health Insurance

International Students

Undergraduate International Students are automatically enrolled in the insurance plan at registration and may not waive out of the coverage.

Hard Waiver Student Eligibility

Undergraduate student (enrolled in 12 credit hours or more)

Undergraduate Non-International students who are enrolled in 12 credits or more are automatically charged for the insurance plan at registration. Coverage may be waived if proof of comparable coverage is provided to the insurance company.

For those students who do not submit an approved waiver form before the deadline, the insurance charge will not be removed and the student will be officially enrolled in the Student Health Insurance Plan.
